

January 31, 2019

Dear Grace Church Family,

After considerable prayer and deliberation, I have accepted the Vestry's request to serve as chairperson for our Search Committee. This search is very important as it will impact Grace Church for the next 10 years. The full committee is listed below. They are all very competent people who are active in the life of our church and who all share a love for Grace Church.

First on the agenda is our Self-Study Profile Committee. The committee will work on our church history and develop a questionnaire that each member of Grace Church will complete. The information gained will be compiled and help us to understand who we are now and will give us guidance as to what kind of church we want to be in the future. The church profile is important and will serve as the foundation to guide us while we seek and select a new Rector for Grace Church.

All input is welcome. Stay involved and follow our progress on our website and on the Church App. I ask for your prayers as we begin the search process.

Sincerely,

Perry Reynolds
Search Committee Chairperson
